Assignments

- [71311200 - Transport systems consultancy services](#)

The Government of Kenya has received financing from the World Bank towards the cost of the Northern Corridor Transport Improvement project and intends to apply part of the credit for consultant Services. The services include preparation of a National Transport Master Plan for the next 50 years, 2010 -2060 including formulating transport strategies. It is expected that the results will provide information and recommendations that will help Government in its short, medium and long term Planning of MultiModal Transportation systems Framework for the Development of networks Infrastructure facilities; maintenance, operations, Investments and monitoring decisions. This will involve translating national policy objectives into strategies of development for transport and develop a set of strategic approaches for the development of (i) an integrated, efficient and affordable multimodal transport system, including urban transport, which is sustainable from social, economic, environmental

The Ministry of Transport now invites eligible consultants to indicate their interest in providing the Services. Interested consultants must provide Information Indicating that they are

qualified to perform the services (brochure description of similar assignments, list of clients the firm has worked, experience in similar conditions etc). Interested consultants may associate with local consultants operating in Kenya or such other consultants, to enhance their qualifications.

A consultant will be selected in accordance with procedures set out in the World Bank's Guidelines; Selection and Employment of Consultants by World Bank Borrowers of May 2004 and Revised October 2006.

Interested consultants may obtain further information at the address below between 09.00-13.00 and 14.00 #16.00 East African Time on official working days (Mondays-Fridays):
